Phosphate Holdings, Inc. announces Special Dividend

Madison, Miss. (January 31, 2008) Phosphate Holdings, Inc., (the "Company") (OTCBB: PHOS) announced today that on January 29, 2008, its Board of Directors declared a special dividend of One and 50/100 Dollars (\$1.50) per share of common stock of the Company. The dividend will be paid on March 7, 2008, to stockholders of record on February 25, 2008. The timing and amount of future dividends will be determined in light of the Company's results of operations, financial condition, liquidity needs, restrictions under any agreements or under applicable law and other factors deemed relevant by the Board of Directors.

The Company is a Delaware corporation and the sole stockholder of Mississippi Phosphates Corporation. Mississippi Phosphates Corporation is a Delaware corporation with its executive headquarters in Madison, Miss. Mississippi Phosphates Corporation owns and operates manufacturing facilities in Pascagoula, Miss., which produce diammonium phosphate, the most common form of phosphate fertilizer used as a source of phosphate on all major row crops.

Forward-looking Statements

This letter contains "forward-looking statements" within the meaning of the federal securities law, which are intended to qualify for the safe harbor from liability provided thereunder. All statements which are not historical statements of fact are "forward-looking statements" for purposes of these provisions and are subject to numerous risks and uncertainties that could cause actual results to differ materially from those expressed or implied in the forward-looking statements. Future events, risks and uncertainties that could cause a material difference in such results include, but are not limited to, (i) changes in matters which affect the global supply and demand of phosphate fertilizer products, phosphate rock, ammonia, sulfur and sulfuric acid, (ii) a variety of conditions in the agricultural industry such as grain prices, planted acreage, projected grain stocks, U.S. government policies, weather, and changes in agricultural production methods, (iii) changes in the availability and cost of phosphate rock and our other primary raw materials, (iv) changes in capital markets, (v) possible unscheduled plant outages and other operating difficulties, (vi) price competition and capacity expansions and reductions from both domestic and international competitors, (vii) foreign government agricultural policies (in particular, the policies of the governments of India and China), (viii) the relative unpredictability of international and local economic conditions, (ix) the relative value of the U.S. dollar, (x) regulations regarding the environment and the sale and transportation of fertilizer products, and (xi) impact of future storms. The Company undertakes no obligation to update any forward-looking statement, whether as a result of new information, future events or otherwise.
